Subject: Internship

GVSU, February 1, 2012

Dear Recruiter,

I am currently a Senior at Grand Valley State University majoring in Computer Science and want to minor in Business as well. I have served 4 years in the United States Army as a 25F Network Switching Systems Operator and communication specialist, and I am currently in the Army Reserve for the following year until my contract time is up.

My job experience so far has been focused on communication equipment and networking. I believe my skills and education will pair up very well with your needs. I am interested in either a development or an information technology position upon graduation at GVSU.

I would appreciate the opportunity to discuss what positions you may have. If you have any other questions or need more information from me I can provide those as well.

Thank you for your time.

Regards

Matthew Levandowski

Enclosure: Attached is a copy of my resume.
